There is only one main road through Kirk Deighton – B6164.

If you are coming via Wetherby road the sign will be on the left not long after you have come into the village. You will see allotments on your right and a football pitch. Turn right into the village hall road. **(The Village Hall sign is only small).**

If you are coming via the Main Street you will come down the B6164 and travel through Kirk Deighton. There is the Bay Horse Pub on your right and keep going past the bend in the road, past Scrittain Lane and the village hall sign will be on your right. Turn left onto the village hall road.

As you come down the village hall inlet road please take it slow (its only a short distance) as there is a blind bend (5mph) – its a quiet residential road and you will come into the car park at the end just follow the signs.
